California State University, Long Beach | Long Beach, CA
2016

ASSOCIATE DEGREE IN SCIENCE

Orange Coast College | Costa Mesa, CA
2014

PROFILE SUMMARY

Creative Front-end Developer with an in-depth understanding of modern web practices. Capable of building responsive websites and translating designs to create appealing and user-friendly websites. Adept at leveraging knowledge to deliver efficient, cross-browser-compatible web solutions and build all aspects of websites' user experience and interface. Committed to delivering an engaging user experience through proactive feature optimization and cross-functional team collaborations.

WORK EXPERIENCE

DENTAL TECHNICIAN

[2019-2021]

Glidewell Laboratories | Newport Beach, CA

- Constructed and repaired dental prosthesis/dental appliances such as dentures, partials, crown and bridge, inlay/onlay, veneers, and implant restorations.
- Restored natural teeth by preparing and installing crowns and bridges and building wax replicas and ceramic dental replacements.
- Managed inventory and initiated orders as required to maintain an adequate level of dental materials and laboratory supplies.
- Extracted excess metal or porcelain and polished surfaces of prostheses or frameworks using polishing machines.
- Prepared and tested appliances for conformance to specifications and accuracy of occlusion, using articulators and micrometers.

CNC OPERATOR & FABRICATOR

[2017-2019]

Ultimate Acrylics | Santa Ana, CA

- Read and interpreted blueprints and measured dimensions of finished workpieces to ensure conformance to specification using precision measuring tools.
- Repaired and replaced worn and broken parts and cleaned/lubricated cutting and slicing machine to maintain equipment in working order.
- Selected and installed machine components, such as cutting blades, rollers, and templates, using hand tools according to specifications.
- Operated machinery and ensured dimensions met specific tolerances by adjusting machine controls and tool settings.

DRIVE TEST FIELD ENGINEER

[2016-2017]

Peach Tree | Garden Grove, CA

- Maintained and monitored system performance indicators such as RSRP, SINR, and Upload and Download throughput.
- Performed basic and advanced telecommunication field tests to check network performance in terms of signal level, quality, and throughput.
- Verified network stability and analyzed and processed logs to gauge coverage and signal for further site optimization.
- Developed test procedures and created cluster polygons and drive routes based on RF design and coverage plots.

MARKETING

[2013-2016]

ASM Advantage Sales & Marketing | Anaheim, CA

- Actively pursued new business by contacting new and existing customers to discuss their needs and explaining products and services.
- Provided excellent customer service and assisted customers in making product selections based on their needs, product specifications, and applicable regulations.
- Prepared and submitted sales presentations to explain product specifications/applications and conducted high-level product demonstrations to prospective clients and key decision-makers.
- Designed and implemented strategic initiatives to optimize key accounts' performance.

TECHNICALSKILLS

- **Programming Languages:** HTML, CSS, Javascript, Python, ReactJS, JQuery, and Bootstrap.
- **Softwares:** Microsoft Office Suite, Adobe Photoshop, Adobe Illustrator, Adobe Lightroom, Adobe Acrobat, Corel Draw, and Google Workspace.
